[False Hearts Laura Lam](#)

[False Hearts] is a high-wire act, and Lam pulls it off brilliantly, playing each sister at her own game and doling out backstory with masterful timing. Like Taema, you'll hardly have a chance to catch your breath." – Barnes & Noble "False Hearts does exactly what it says on the tin—it's a near-future crime thriller featuring psychoactive drugs, dreamscapes, corruption, futurist ...

False Hearts by Laura Lam was a book that I was really looking forward to reading, and it did not disappoint. This is a social sci-fi/near future mystery of sorts set in an incredibly gripping world, with a story told by two absolutely fascinating characters. It is obvious that Lam poured a lot of love and attention into this book. False Hearts is the story about two women who were born ...

[First look: False Hearts by Laura Lam » CRIME FICTION LOVER](#)

False hearts creates a believable dystopia of cutie America. It twists and turns, switching narrator between sisters. Shows excellent character development, good ethical considerations and I love that the main driving motivation is sisterhood, though there is some romance. Less queer than Laura Lams other novels but does normalize same sex relationships. Very enjoyable escapism holiday read
