Where to experience the Saffron Festival in La Mancha, Spain. Saffron harvesting happens at dawn or dusk during October to assure it's as dry as possible, then stored in a cool, dark place to avoid light and air. After three years, the bulb is used up and pulled from the field. The tiny town of Consuegra grows 800 kilos of it annually, destined to flavor the Spain's most famous saffron ...

Saffron Days in L.A. Tales of a Buddhist Monk in America NoHassle Saffron basically is regarded as a popular household spice. Initially recorded on tablets just about 2700 years ago by the Assyrians, saffron appears to have been around for a long period of time. This particular plant is usually available in the wild in Greece and the different parts of Asia but has actually been cultivated in ...

Saffron Days in L.A. is his story of these colorful encounters. Not only does he help reconcile a teenager with her strict parents, get a drunk off the bottle, and help a psychotic back to normal life, he explains how he does it. Occasionally, it's through chanting exercises or outside help, but mostly this compassionate, erudite monk picks out the perfect teaching from his own experience or from the vast corpus of Buddhist sutras that he seems to have in his head, and that does ...
