Ingersoll, Robert G., Jacoby, Susan During the Gilded Age, which saw the dawn of America's enduring culture wars, Robert Green Ingersoll was known as "the Great Agnostic." The nation's most famous orator, he raised his voice on behalf of Enlightenment reason, secularism, and the separation of church and state with a vigor unmatched since America's revolutionary generation.

[Excerpt: The Great Agnostic: Robert Ingersoll and American ...](#)

I was very excited when I first noticed that Susan Jacoby had set out to write a biography of The Great Agnostic, Robert G. Ingersoll, whose life and legacy I have had revered for quite some time. Jacoby has done an excellent job in lifting Ingersoll out of obscurity and restoring the image of this magnificent American orator. I can highly recommend this biography not only to all secularists and freethinkers, but everyone with an interest in American history, irrespective of their ...

[The Great Agnostic: Robert Ingersoll and American ...](#)

Journalist and atheist intellectual Jacoby (Freethinkers: A History of American Secularism) recaps the Gilded Age career of Robert Green Ingersoll, an influential lawyer and liberal Republican orator dubbed "The Great Agnostic" for his wildly popular lectures on religion, evolution, and other hot-button issues. Her brisk, lucid study makes him an apostle of irreligion in the tradition of Thomas Paine: a minister's son steeped in Christian doctrine, Ingersoll used folksy humor, clear ...

[The Great Agnostic : Robert Ingersoll and American Freethought](#)

Susan Jacoby's THE GREAT AGNOSTIC reveals Robert Ingersoll as a freethinker who saw no difference between an agnostic, as he was dubbed, and an atheist. He claimed that no one knows whether or not God exists; believers believe it, and nonbelievers don't. He didn't believe it. The term "agnostic," which dates back to 1869, may have been coined (probably by Thomas Henry Huxley) to separate honorable American nonbelievers from the pejorative connotation of the much older term ...

%%BUY_BOX(978-0-300-13725-5,1,,The Great Agnostic: Robert Ingersoll and American Freethought)%% A rare all-American atheist is celebrated in this provocative if hagiographic sketch.

[Susan Jacoby: The Great Agnostic: Robert Ingersoll and ...](#)

The Great Agnostic by Susan Jacoby is not a biography of Robert Ingersoll. It is, rather, an argument for restoring Ingersoll to a respected place in the pantheon of American thinkers. The book does give a brief outline of Robert Ingersoll's life, known even in his own time as "The Great Agnostic." Born in 1833 in the small town of Dresden, New York, Ingersoll became a lawyer, a Civil ...

[The Great Agnostic: Robert Ingersoll and American ...](#)

In this provocative biography, Susan Jacoby, the author of Freethinkers: A History of American Secularism, restores Ingersoll to his rightful place in an American intellectual tradition extending from Thomas Jefferson and Thomas Paine to the current generation of "new atheists." Jacoby illuminates the ways in which America's often-denigrated and forgotten secular history encompasses issues, ranging from women's rights to evolution, as potent and divisive today as they were in ...
